

ICBIP 2024

2024 9th International Conference on Biomedical Signal and Image Processing

Suzhou, China
August 23-25, 2024

2024 9th International Conference on Biomedical Signal and Image Processing (ICBIP 2024) will be held in Suzhou, China during August 23-25, 2024. ICBIP 2024 can provide a platform for academic communication in Biomedical Signal and Image Processing and related areas.

Call For Paper

Topics included but not limited to the follows.

Biomedical Signal Processing

- Bioelectric signal (EEG/ECG/EMG/EGG/ERG)
- Biomagnetic signal (MCG/MEG)
- Biochemical signal
- Biomechanical signal
- Bioacoustic signal
- Machine learning for biosignal processing
- Bioinstrumentation and biosensors
- Biomedical signal detection and acquisition
- Digital filter

Biomedical Imaging and Image Processing

- Medical image analysis
- MR image reconstruction
- CT image reconstruction, radiomics
- Image measurement and acquisition
- Molecular imaging
- Segmentation and 3D visualization
- Image segmentation

Other Related Topics

- Bioinformatics
- Biostatics
- Biometric
- Biomechanics
- Biomathematics
- Biophysics
- Biomedical robotics and mechanics
- Medical big data

Supported By

Publication and Index

International Conference Proceedings by ACM (ISBN: 979-8-4007-1797-0), archived in ACM Digital Library, indexed by Ei Compendex and Scopus, and submitted to be reviewed by CPCI. Or

Journal of Image and Graphics (JOIG, ISSN: 2301-3699): indexed by Scopus, Google Scholar, Crossref, CNKI, etc.

Important Dates

Submission Deadline:	Jun. 30, 2024
Notification of Acceptance:	Jul. 15, 2024
Registration Deadline:	Jul. 25, 2024
Conference Date:	August 23-25, 2024

Submission

Electronic Submission System:
